## Urban Prairie | Resort

This unique take on a traditional style of home called the BAARN has brought back rustic and modernity, juxtaposed by innovative materials and bold colour palette. Designed with a contemporary twist on a rural design, this home is built to last. For that feel of a retreat in the city or any locale, this custom 2 storey home is not for the faint of heart – it's a commitment to making your mark. The combination of warm timber and natural elements will bring you back to nature in the city. A comfortable style whilst allowing the picturesque window throughout the home will filter and frame the outdoors.
